Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Rupert on 06-10-2003.

The application has been amended as follows:

In the Specification:

Please amend the title to be "Semiconductor Package Having Defective Substrate"

In the claims:

In claim 30:

In line 4 of the claim, after "extending from", delete "th" and add ~~the~~

In line 6 of the claim, after "so as to", delete ~~cove~~, and add ~~cover~~

The following is an examiner's statement of reasons for allowance: There is prior art regarding semiconductor devices that are defective. These dies are commonly referred to in the art as defective or Known Bad Die or KBD. See US 6569753 to Akram

et al., US 6534876 to Glenn, and US6573112 to Kono et al. wherein the prior art of record discloses discarding of the Known Bad or defective dies in order to attach tested good dies to substrates thus avoiding waste of substrates or labor. Additionally, see that there is prior art regarding substrates having first and second surfaces, conductors, a die attach site, and a wire bond slot (See US6462274 to Shim et al. and US 6531335 to Grigg). Also see that Grigg above discloses defective substrates/interposers that are deleted from further processing.

The Application as amended discloses the specific limitations of a defective substrate having a first surface with a pattern of conductors and having a second surface with defective die attach area; a wire bond slot in the substrate extending from first to second surfaces, and a cover member attached to the defective substrate on the second surface as to cover at least a portion of the opening, wherein the cover does not comprise a functional die. This very specific limitations in combination with all other limitations in the claims make up for a device that is neither obvious over nor anticipated by the prior art of record, which fails to, either alone or in combination, anticipate the device as claimed. Therefore, the application is allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
